

47th World Continuous Auditing & Reporting Symposium

November 8 & 9, 2019

Hosted by: Rutgers Accounting Research Center (RARC)
Continuous Auditing & Reporting Laboratory (CAR-Lab)

CALL FOR PARTICIPATION-Submission Deadline: August 28, 2019

The 47th World Continuous Auditing & Reporting Symposium (47 WCARS) is the leading forum for the discussion of research and practice into the application of technology to auditing and reporting. It will take place on **November 8 & 9, 2019** at Rutgers Business School in Newark, NJ. The theme for this year is “**Advances in Accounting Technology**”, a topic that invites the most innovative and leading firms in the industry to highlight their latest products and services.

We invite presentations, papers and proposals for panels for 47 WCARS with the participation of vendors and implementers of new accounting related technology particularly encouraged. The conference is open to any innovative idea relating to the IT-enabled auditing and reporting, including, but not limited to:

1. Blockchain
2. Audit Analytics and Business Intelligence
3. Big Data
4. Continuous Assurance
5. Fraud Detection
6. Audit software and working paper systems
7. Text and voice mining
8. ERP and other data management technologies
9. Mobile Apps

The conference always fills to capacity—with 165 attendees last year and a similar number expected this year—the majority of participants coming from the internal audit departments of leading businesses and governmental organizations, as well from the vendor community. In particular, commercial firms in the IT space often appear along with their lead customers in order to demonstrate their product’s ROI and best practices. The conference is also live stream cast to a global audience.

**Please submit presentation proposals to Conference Chair Dr. Michael Alles by August 28, 2019.
He can be reached at alles@business.rutgers.edu.**

Please contact Barbara Jensen at bjensen@business.rutgers.edu for general questions regarding the conference. Further details of 47 WCARS are also available on the conference website: <http://raw.rutgers.edu/47wcars.html>.
