

62nd World Continuous Auditing & Reporting Symposium (WCARS)

2nd British Accounting & Finance Association (BAFA) Accounting Information Systems and Emerging Technologies (AISET) Special Interest Group

***“Accounting Information Systems, Artificial Intelligence and Big Data
Analytics Challenges and Opportunities”***

Thursday 19th September / Friday 20th September 2024
Durham University, United Kingdom (UK)

CALL for ABSTRACTS

We would like to invite you to the 62nd World Continuous Auditing & Reporting Symposium (WCARS) and the 2nd British Accounting & Finance Association (BAFA) Accounting Information Systems & Emerging Technologies (AISET) special interest group conference. This event is the leading forum for the discussion of research and practice into the application of technology to auditing and reporting. The theme for this year is *“Accounting Information Systems, Artificial Intelligence and Big Data Analytics Challenges and Opportunities”*. The aim of the conference is to provide a forum for all stakeholders, be it accounting customers, regulators, the Big-4 and regional accounting firms, internal auditors and technology vendors to share experiences, best practices and emerging technologies.

We invite presentations, papers, and research posters for the 62nd WCARS & 2nd BAFA ASET Special Interest Group. The participation of vendors and implementers of new accounting related technology is particularly encouraged. The conference attracts a large audience. Most participants come from the internal audit departments of leading businesses and governmental organizations, as well from the vendor community. Commercial firms in the IT space often appear along with their lead customers to demonstrate their product's ROI and best practices.

Please submit abstract for participation using the link [HERE](#) before **15th August 2024**.

Registration for participation and presentation can be done using the link [HERE](#) and will close on **25th August 2024**.

Registration fee is **£150** and **£100** for PhD students.

Follow the conference news updates using the link [HERE](#)

We are looking forward to seeing you and joining our network. Feel free to share this invitation with anyone who might be interested.

Papers accepted for the conferences are welcomed to be submitted to the [Journal of Emerging Technologies in Accounting](#) following its normal submission procedures.

For any enquiries, please contact Prof. Amir Michael (a.e.iskander@durham.ac.uk)
