CALL for ABSTRACTS

We would like to invite you to the 67th World Continuous Auditing & Reporting Symposium (WCARS) and the 3rd British Accounting & Finance Association (BAFA) Accounting Information Systems & Emerging Technologies (AISET) & Corporate Finance & Asset Pricing (CFAP) special interest groups conference. This event is the leading forum for the discussion of research and practice into the application of technology to auditing and reporting. The theme for this year is *“Accounting Information Systems, Artificial Intelligence, FinTech, Blockchain and Big Data Analytics Challenges and Opportunities”*. The aim of the conference is to provide a forum for all stakeholders, be it accounting customers, regulators, the Big-4 and

regional accounting firms, internal auditors and technology vendors to share experiences, best practices and emerging technologies.

We invite presentations, papers, and research posters for the 67th WCARS & 3rd BAFA ASET & CFAP Special Interest Groups. The participation of vendors and implementers of new accounting and finance related technology is particularly encouraged. The conference attracts a large audience. Most participants come from the internal audit departments of leading businesses and governmental organizations, as well from the vendor community. Commercial firms in the IT space often appear along with their lead customers to demonstrate their product's ROI and best practices.

Please submit abstract for participation using the link [HERE](#) before **18th August 2025**.

Registration for participation and presentation will close on **25th August 2025**.

Registration fee is **£150** for **academics and practitioners** and **£100** for **PhD students**. You can Book your place [HERE](#)
