The 75th World Continuous Auditing & Reporting Symposium (WCARS)
"Taming the Autonomous Frontier: AI Governance and Continuous Auditing"
November 6–7, 2026
Rutgers Business School – 1 Washington Park, Newark, NJ 07102

The 75th World Continuous Auditing & Reporting Symposium (WCARS) is a premier event exploring the intersection of accounting, assurance, and technology. Under this year's theme, "Taming the Autonomous Frontier: AI Governance and Continuous Auditing," the symposium focuses on the rapid transition from static AI tools to fully autonomous software agents and workflows. We will explore the critical balance between AI innovation and accountability, looking at how the internal audit, GRC, and risk functions can establish robust control frameworks to monitor, verify, and govern automated workflows.

Participants will:

- Recognize emerging technologies transforming audit and assurance.
- Identify how AI and data analytics are influencing audit methodologies.
- Discuss regulatory perspectives and best practices in technology governance, risks, and controls (GRC).

To register for the symposium, please visit https://raw.rutgers.edu/75wcars.html.

Participants will earn up to 15 CPE credits. **To be awarded full credit hours, you must sign in and sign out for all sessions attended and complete the CPE Verification Form that is emailed to you following the meeting.** One CPE Credit Hour must have an attendance of 50 minutes.
