TOWARDS CONTINUOUS AUDIT ANALYTICS WITH BIG DATA

Call for Participation

The 35th *World Continuous Auditing & Reporting Symposium* (35 WCARS) is the leading forum for the discussion of research and practice into the application of technology to auditing and reporting. The conference alternates between US and non-US locations, with previous conferences held in Monaco (2004), Malta (2005), San Paulo, Brazil (2006-2015), Ferrara, Italy (2007), Crete (2008), Thessaloniki, Greece (2009), Malatya, Turkey (2012), Brisbane, Australia (2013), Reykjavik, Iceland (2014) and Chengdu, China (September 2014). Papers and presentations from prior conferences can be found at <http://raw.rutgers.edu/>.

The conference always fills to capacity—with 165 attendees last year and a similar number expected this year—the majority of participants coming from the internal audit departments of leading businesses and governmental organizations, as well from the vendor community. In particular, commercial firms in the IT space often appear along with their lead customers in order to demonstrate their product's ROI and best practices. The conference is also live stream cast to a global audience.

Presentations, papers and proposals for panels are sought for 35 WCARS with the participation of vendors and implementers of new accounting related technology particularly encouraged. The conference is open to any innovative idea relating to the IT-enabled auditing and reporting, including, but not limited to:

1. Audit Analytics and Business Intelligence
2. Big Data

3. Continuous Assurance
4. Fraud Detection
5. XBRL
6. Audit software and working paper systems
7. The Audit Data Standard
8. Text and voice mining
9. ERP and other data management technologies
10. Mobile Apps

Please contact conference Chair Dr. Michael Alles with presentation proposals by **August 17th, 2015**. He can be reached at alles@business.rutgers.edu.

General questions on the conference may be addressed to Barbara Jensen at 35World.CASymposium@Rutgers.edu. Further details of 35 WCARS can be obtained at the conference website: <http://raw.rutgers.edu/35wcars>.
